Christmas Party to Remember

The Diablo Region can never fully thank Rosemarie and John Place for their gracious offering of their home for this event. It was wonderful and enjoyed by all. John announced at the party he will again open his

beautiful home to host the next Christmas Party in 2007. The garage is the setting, but when you enter it, you think you are in heaven. Jaw-dropping at first sight, there are classic cars you just can't get

enough of. I was told this event is "*something you can't miss*" and they were right! Again, our **many** thanks to John and Rosemarie Place. It was a party to remember!

Christmas 2006

Membership - 595 total members in Diablo Region as of January 1

New members (13) in December:

Anderson, Kent	- Castro Valley	- 1958 356B Ivory

Dec 31 st	New Years Eve Party

Porsche of Fremont Thunderhill Track Day -

Friday, April 6 - Diablo Region members are invited!!

Here's notice of a very special day at Thunderhill for Porsche Club members and Porsche owners. Although this is not an official Porsche Club sponsored event, nonetheless a great track day opportunity for club members is being offered by Porsche of Fremont, as managed by Hooked On Driving's master of events, Mr. David Ray. Here's the deal. Our good friends at Porsche of Fremont are presenting the company's first official track event where their customers and special guests can come as a group to world-class Thunderhill Raceway to experience their best-in-class Porsche automobiles on a closed road course. With Hooked On Driving providing the management of the day, and driving coaches for novices, this promises to be a lifetime experience for all. Because of our club's close affiliation with Porsche of Fremont, members of Diablo Valley Region of PCA may participate in this event, which is of course calendared as a public event on our events schedule. Run Groups will be; A for beginners, B for those with moderate experience and knowledge of Thunderhill, and C for advanced Thunderhill drivers. Included in the price of \$249 will also be a hot lunch. Gates open at 7:00am - helmets are required and are available for rent at the track. For more information on logistics and places to stay, go to the www.hookedondriving.com website, under Events, then to Trip Planner and also Venues. We will see you and your Porsche there!

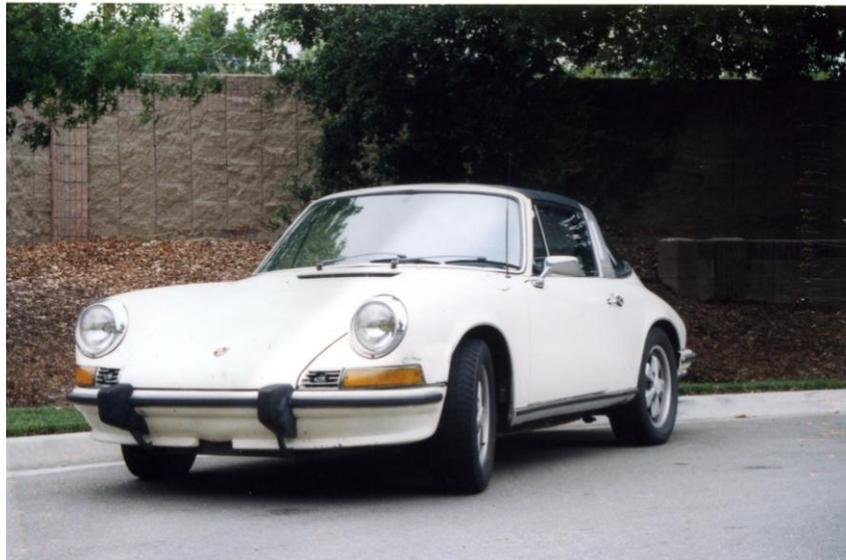

Notice and Reminder: This is not an official Diablo Region PCA sponsored event so registration/signup is not thru the club. In order to register/signup you must go online to the following web link. For any additional questions please refer to the guidance above. Cheers!

Letter from the Editor

Every little bit helps...I would like to include more in the upcoming Newsletters, so if you would like me to include classified Ad's just send them along to me. Pictures are welcome as well.

How about "Picture of the month"? Let's get creative.

Any news you have that you want to pass on or just share, send it to me in an email. Attach pictures please, so I can bring them over to the newsletter.

Deadline is the 15th of each month for next month's news. This gives me time to put it together and get it published and mailed by the first week of every month.

My email address is:
