Ed's Comments

By Ed Won, President Diablo PCA

Hello Diablo Members,

What a summer we had! I hope you enjoyed your summer and the activities we've put on. I just came back from another awesome Thunderhill DE! I want to thank Adam, Jeff, Mike and the rest of the DE team for another great day! Special thanks to Porsche of Livermore for sponsoring the event and to Hooked on Driving for running grid for us. Also thank you to Dito Milian at GotBluemilk.com for the great track photos!

I saw a lot of new faces at the DE event and it was wonderful meeting new folks. I even had the opportunity to instruct a brand new member to our club. I usually learn a bit about myself when I instruct. I want to give Lauren Jackson a shout out as she stretched my communication skills in really a good way. In the beginning, it brought memories back to me when I first tracked my Cayman 5 years ago. Now, I'm seeing it from the other side. I had one of those moments that reminded me when I was new to the track and the club. I remember that feeling when I couldn't seem to execute and didn't know my way around the track and the club. I'll admit a few folks gave me a helping hand and I intend to pass that on to the new generation of Diablo members I'm seeing.

We just had our yearly Oktoberfest celebration. Thank you so much to Judy Huggins for hosting the event at her place! It was incredible! Thank you to our Event Chair Marc Giammona and VP Brian for helping with the setup! We capped at 85 and it was a full event! Judy said, I think folks drank more than last year. Good, we hate hauling it away. Seriously, we had a really nice turnout with a number of new members. We now have a sizable demographic which was missing, the 20 and 30 year olds. I can now say we truly reflect everyone.

In October, we will begin our election, please be on the lookout for an eblast with a link for voting and instructions.

At the December board meeting, your new Board of Directors will take office in the second part of the meeting. The current board will conclude business in the first half of the meeting. Ingrid French and I will come off the Board after serving 4 years.

Meanwhile, the activities will continue as we plan for new activities for next year. We will change things a bit and won't do a Planning meeting as we have in previous years, instead we will move to more emails and smaller but more focused gathering of folks to plan out the events. Look for changes to come.

Thank you all for coming to events and helping make OUR club the best!

Ed Won

Ed , the Prez, leading the pack at Thunderhill

Join Us For Brunch

We had such a great time having brunch at Mexico Lindo in Pleasanton last year, we thought we would try a monthly Sunday brunch periodically through the rest of the year.

Location: Mexico Lindo
6690 Koll Center Parkway, Pleasanton
(Off of 680 at Bernal)

Time: 10:30am

Mexican Buffet Brunch Includes coffee & champagne

Cost: \$17.99 per person

Please bring \$22 CASH per person or be prepared to split tabs. No separate checks unless you are ordering from the Menu.

Scheduled Dates:

◆ November 20

Porsche of Livermore

(925) 447-6400

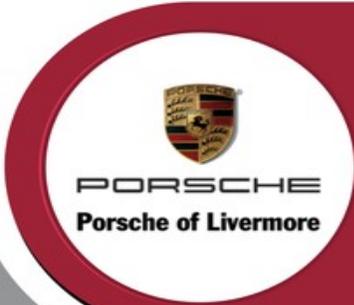

www.porscheoflivermore.com

20% OFF

PARTS & SERVICE

Take **20%** off your next service or repair or take **20%** off your Porsche parts purchase. This offer is exclusive to PCA members only!

Offer valid to PCA members only. Coupon not valid with any other offer. Must present flyer at time of write up. Limit one coupon per visit. Some models slightly higher. Coupon does not apply to prior purchases.

Thanksgiving Week

Monday, November 21, 2016

Come join the Diablo Porsche Club and give thanks for this world famous racetrack.

- Register at **www.Motorsportreg.com**.
- **Cost: \$315/driver \$50 for Instructors who drive**
Cancellation Fee: \$75
- **Shared garage rentals are available on a first-come basis for \$50 a spot**
- **Lunch and bottled water provided courtesy of Porsche of Walnut Creek**
- **Deadline to register: November 14th**

It's a 90db sound limit day. You are responsible for ensuring your car can pass sound. No refunds will be provided for cars that don't pass.

Learn more and sign up for the day and a garage at www.motorsportreg.com by November 14. Join us Nov. 20 for a no-host dinner at Embassy Suites in Seaside at 6pm. We have also reserved a block of rooms at Embassy Suites, 1441 Canyon Del Rey, Seaside. Remember to mention Diablo Porsche Region.

Free Tech Sessions

Pre-event tech inspections are to be done within 30 days of the event. Mention Diablo PCA for inspections at:

- **Kahlers in Dublin—by appointment only**
Contact Ash Reddy at service@kahlers.com or by phone at 925-829-2050
- **Porsche of Walnut Creek—by appointment only**
Contact the Service Dept. at 925-280-4363
- **For questions, email diablo-pca.dechair@gmail.com and visit www.diablo-de.org to get the current Tech forms.**

DE 101 / 201 location and time to be announced soon.

DIABLO ELECTION TIME

Diablo PCA Region Board of Director elections are coming up. There are three (3) positions to fill. In the beginning of October you will receive an eblast that will include a link to a web site where you will complete an online ballot.

Listed below are the five (5) members who are running for the open positions on the Board. Please review their information and remember to vote!

Brian Adkins

How long have you been a PCA/Diablo member? – 7 years.

You have decided to run for the Diablo Board. What skills do you bring to the Board?-

Enthusiasm, organization, communication, planning.

What would you like to achieve while on the Board? –

To continue the growth of PCA and specifically the Diablo Region. I am a true believer that it IS about the people (with the car as the common link) to promote all levels of involvement. Understanding that the club can be many different things to many different members. Help contribute to the decision process. With a clear vision that the club remain active, vibrant, and enjoyable.

My love of Porsches and even the PCA is quite literally in my genes. My father started multiple regions of PCA and a member of even more. I would like to continue that passion.

My first car seat was a suitcase in the back of a 356, and my first PCA event was when I was 6 months old in 1959, where my dad won 3rd place in a Concourse (I have that trophy and it makes me proud and happy every time I see it).

I truly understand the intended philosophy of the club, I have more than a love of the “brand”.

I have been involved in other car and motorcycle clubs, serving as a board member, treasurer, events chairman, VP, and president, and understand the critical part that a board plays in the success of a club.

I am a proud member of the Diablo region. My passion and the welcoming, dynamic vibrant members of the club have me excited to do my part to help and continue that.

Currently serving as your Vice President, I am more enthusiastic than before.

I see the direction the Club is going and it is AWESOME.

Truly believing in the PCA tagline “Fueled By Volunteers”.

Our events and membership involvement are on the rise / we have moved to a new era of technology. All while building great relationships with our partners and sponsors.

Serving as Vice President has given me the opportunity to see and understand (some of) the inner workings of PCA “National”, I understand how those are there to help and guide us for the greater good of the Club and our Region.

Looking forward, I would like to see the club focusing on what works and we do well that many already enjoy, maybe kicking those up a notch and fine tuning them where needed. With just as much focus (if not more) on where we can go what we can do. New activities, new and many members involved, embracing an even wider spectrum of both people and those activities.

I would be thrilled and honored to remain a member of your board.

Thank you for you consideration.

Brian Adkins

Carlos Bocanegra

How long have you been a PCA/Diablo member? Diablo and Porsche owner since 2007.

You have decided to run for the Diablo Board. What skills do you bring to the Board?

From a professional level, I have technical, management and supervisory skills. What I do bring is that I have been involved in one way or another (but not a Board Director) with the Diablo Board and the club in general. Over the past 5 years, I have served as a Driver Education Chair, Tour Chair and the Diablo Eventbrite coordinator, positions that I have earned just by simply showing up and for being willing to volunteer and assist. I have been a key participant in the Wash and Shine that is now known as the Diablo Car Show.

What would you like to achieve while on the Board?

I like and approve of the current direction of the Diablo Board. I want to continue the progressive direction that I witness within the Diablo Board. The dynamics are there within the Board and I believe that I can be a positive contributor to the 2017 and beyond board.

As stated above, I believe that I can be a positive contributor to the Diablo Board. There are about 1200 members many of whom I have never met for one reason or another. I am a Porsche Boxster fan above all other Porsche models. I enjoy my participation in Driver Education days and in the many tours and activities the membership organizes. I have enjoyed reacquainting myself with Porsche racing history and the road ahead for Porsche. My favorite car of all time is the Dino Ferrari followed by the Boxster.

Mark Imbertson

How long have you been a PCA/Diablo member? – I joined in February of this year.

You have decided to run for the Diablo Board. What skills do you bring to the Board?-

I am an electrical Engineer. I started at a Research Center then came to the Bay area in 1975. Having worked in Silicon Valley for Start ups, large computer companies, and Networking equipment companies I have gained skills as a team player, learned the values of collaboration, inclusion and rewarding team mates/ club mates. I believe this maps well into helping Diablo function smoothly as a club serving it's members.

What would you like to achieve while on the Board?

Knowing that a passion starts from small positive events, I want to help the next generation of Porsche lovers build their passion.

I bought my first Porsche just over 40 years ago. I drove it for 200k miles over many years. I rebuilt the engine myself, the machining work done by Garretson garage in the 80's. That is where my passion for Porsches started. While raising a family, I had to do without a Porsche (they didn't have an SUV back then). Now with both boys grown I have my fun car to drive and a great club to enjoy my passion with.

Pam Richards

How long have you been a PCA/Diablo member?

I have been a member of the PCA/Diablo Region since April 28, 2015.

You have decided to run for the Diablo Board. What skills do you bring to the Board?

I have more than thirty years of experience as a Federal employee in the field of labor and employment relations. In that capacity, I developed expertise in investigations, mediation, and facilitation. My skills include, but are not limited to, gathering and analyzing complex factual and legal issues, dispute resolution, and development of creative solutions to problems. I am a detail oriented individual with excellent listening and communication skills. Throughout my career, I have exhibited a consistent knack for being able to get along with people. I have worked on many highly productive teams.

What would you like to achieve while on the Board?

I'd like to assist the membership and Board officials in reaching the club's goals.

On a personal note, for the past 30 years, I have called Vallejo home. My husband, Danny, is the guy with the smile on his face driving the 2017 Porsche 991.2 Carrera S Cabriolet that we licensed EZ2NJOY. I drive a 2012 Porsche 911 Carrera S Cabriolet. We have four adult children and ten adorable grandchildren who affectionately call us "Opa" and "Oma". I retired three years ago and I'm currently enrolled in an 18-week automotive technician class at Solano Community College Automotive Technology Department. Some of you may remember that girls weren't allowed to take auto tech in high school. No, I'm not interested in working on my Porsche or any other vehicle – I'm getting useful technical information and hands-on experience.

I am pursuing a position on the Board because I am a passionate Porsche owner with an eagerness to get involved in the club's operates. I have a degree in Business Administration and I realize that it takes more than participation in club events – it takes involvement. I'm willing to commit my time and I would be thrilled to have the opportunity to serve on the Board for two years.

Erik Silver

How long have you been a PCA/Diablo member? 2 years

You have decided to run for the Diablo Board. What skills do you bring to the Board?

I am a career sales person with over 15 years experience in the tech field. I manage a team of support and sales people globally. As part of my job, I am challenged with solving complex issues for clients and acting as the primary interface. This has taught me to be an out of the box thinker able to see multiple perspectives and interests and come up with solutions that represent all parties interest. I would imagine that this skill set would be applicable in this board member role.

Further, I have P&L exposure with managing a book of business of nearly \$100M/year of revenue.

What would you like to achieve while on the Board?

I would like to help our DE chair with expanding our DE program to match the uptick in demand we have witnessed in the past 18 months. Given my attendance on nearly all GGR and Diablo events in the past 24 months, I have some ideas we can evaluate.

Additionally would like to conduct more polling of our members to gather direct feedback on the kinds of activities they would be interested in and use this to work with our Events Coordinator to bring new and exciting activities to the club. Ideas could be the Sonoma Grand Prix race, Concerts and sporting events (access to box at Levi's), COTA F1 Race, beach cleanups, charitable events, etc.

Lastly I would like to contribute to making our region the finest in PCA and leave a legacy for those who follow.

I have met many new friends through PCA in the past two years. It is a great organization and I would like the opportunity to contribute more directly.

Personal Thanks From Ed Won

I want to personally thank Carlos Bocanegra for all the fine work he has done here at Diablo as a volunteer. He fills in where there's a need and does it without being asked. Here's some of the good work Carlos has done quietly in the background.

He continues in the Tour Chair role. Did you know he's the one that obtains the insurance from the National Office for our driving events? He also mentors and helps first time event leaders. These event leaders are the ones that bring you the Diablo events we all enjoy.

He also sets up the Eventbrite signups for the events. I really appreciate that he does this for the club. In setting up an event, he has to gather the information from the organizer and translate the event plus pricing in to a format he can setup in Eventbrite. This can be tricky, I know. Carlos took that off my plate a while back.

Carlos also posts quite frequently on the Diablo FB page. There are a few of us who also post. You can tell Carlos's post. They are the human interest articles and he occasionally signs them cb. The rest of us, Brian, Al and I sign our posts as well.

I just wanted to let you all know what goes on in the background. Ingrid our Secretary like's to say, "It takes a village". Here's a Thank You to one of the best villagers!

PCA is fueled by volunteers.

Diablo members, I want to thank Marc Giammona for all the great work he has done for the club. Marc is one of those guys that get things done without seeking the limelight. Well, I am going to make him uncomfortable for a minute. Marc was a past Treasurer for Diablo and moved into the role of Event Chair. Marc has done a great job over the past couple of years helping us line up the larger events like the Award Luncheon, picnic and the detail clinics I know many of you have enjoyed these events.

I just want to spotlight Marc's accomplishments and let him know how much I appreciate his energy and leadership in organizing events.

Diablo PCA thrives on the dedication and passion of our volunteers like Marc. Please Thank Marc when you see him.

Porsche Pride

We all love our cars and enjoy learning what other members own too. We are continuing our series of highlighting members who have recently purchased a Porsche or joined Diablo Region. If you want your new passion to be shared with others, contact our Editor, Kay Maloy at maloykay@comcast.net.

Sai Avala

Purchase Date: July, 2015

Year & Type: 2014 Cayman

Exterior Color: Rhodium Silver

Interior Color: Black

Transmission Type: 6 speed manual transmission

Other Comments: I have always wanted a Porsche and so when I saw the listing for this car I jumped at the opportunity to get it and I am absolutely in love with the car!

Jeff Bracco

Purchase Date: November, 2003

Year & Type: 2001 911

Exterior Color: Silver

Interior Color: Grey

Transmission Type: Manual

Other Comments: Love to drive, play basketball, exercise. Love to drive on highway 4 between Martinez and Richmond, Niles and Crow Canyons.

Richard DeCarlo

Purchase Date: July, 2016

Year & Type: 2003 911 (996.2) Carrera Targa

Exterior Color: Black

Interior Color: Black

Transmission: 6 Speed Manual

Other Comments: I bought the car as I have always wanted a 911 to play with on the weekend, and was looking for a Targa specifically. This car has just 36,000 miles and has had the IMS bearing replaced, so I should have peace of mind to drive it and have fun without too much worry. It's in super clean condition. The one bit of trivia we didn't know before I bought it is that legend has it that it was originally purchased by Madonna and spent the first 3 years of its life in Beverly Hills. Not really why I bought it, but it makes it more interesting. The other Porsche I have owned was a 924 back in the day.

Lowell Haky

Purchase Date: June, 2016

Year & Type: 2016 981 Boxster S

Exterior Color: Dark Metallic Blue

Interior Color: Black leather interior with grey seats

Transmission Type: PDK, PASM, Sport Exhaust

Other Comments: This is my first Porsche, and so far it has exceeded my expectations. It replaces my two-wheel weekend joyride, a Triumph Sprint ST 1050 motorcycle. My wife and I have been enjoying weekend trips through the Sierra Foothills and along the coast. We also love exploring East Bay back roads on crisp weekend mornings. I'm looking forward to participating in PCA events and becoming an active member of the Diablo chapter.

Christopher Hopkins

Purchase Date: July, 2016

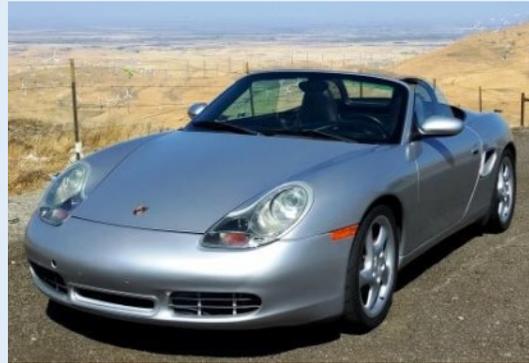

Year & Type: 2001 Boxster S

Exterior Color: Arctic Silver

Interior Color: Black

Transmission Type: 6 Speed Manual

Other Comments: I have been working on getting all the little items sorted on it as I like to have things pristine. I drive it a few times a week. This is my first Porsche and it won't be my last.

Jason Johnson

Purchase Date: May, 2016

Year & Type: 2017 911S

Exterior Color: Graphite Blue (new color for 2017)

Interior Color: Black

Transmission Type: PDK/Sport Chrono

Other Comments: As a child I was always a fan of the Porsche 911 for its simplicity, engineering and raw power. I have owned several models over the years. My favorite drive is up to Big Sur or Calistoga. And I recently took a more ambitious trip with my oldest son Austin to the Grand Canyon. It's an exciting time and I look forward to meeting other local Porsche fans.

Mark Kress

Purchase Date: March, 2016

Year & Type: 1999 911 C4

Exterior Color: Red

Interior Color: Black

Transmission Type: Manual

Stephanie Moore & Emily Burn

Purchase Date: October, 2014

Year & Type: 2015 Macan S

Exterior Color: White with carbon sideblades

Interior Color: Agate Grey

Transmission Type: 7 Speed PDK

Other Comments: We needed a vehicle that could fit us and our 2 greyhounds, but didn't want a big SUV, and had just learned about the Macan being available in the US and thought it would be perfect. We have not been disappointed! The hounds love the ride too. This is our first Porsche, but we're hoping to add another one to our garage someday (hopefully a Targa). We take lots of trips to Palm Springs with the dogs, and the Macan helps make the drive down the 5 more fun (and tolerable!).

Anthony Pagliri

Purchase Date: September, 2016

Year and Type: 2011 911 S Cabriolet

Exterior Color: White

Interior Color: Beige

Transmission Type: 6 Speed Manual

Other Comments: I've owned a few other Porsches –1984 944, 1990 944S2 Cabriolet & a 1995 968. This is my first 911& I love it. I think I've washed it more than I've driven it. I retired from the Air Force in 2011. I enjoy playing golf and I'm a big sports fan & of course, I love driving my 911!

Jen Strasser

Purchase Date: April, 2016

Year & Type: 1967 911

Exterior Color: Aqua Blue

Interior Color: Black

Transmission Type: Manual

Other Comments: I grew up with a father active in PCA. He had a 1967 911S. I had a 1975 914 1.8. I bought an old car with plans for classic restoration. Looking forward to “Sunday Drives” on California’s scenic roads.

Ferhan Tunagur

Purchase Date: 2014

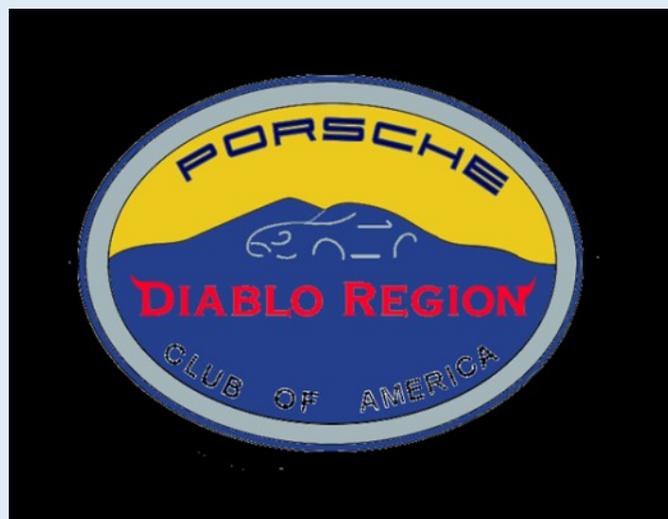

Year & Type: 2006 911 Carrera

Exterior Color: Seal Gray

Interior Color: Black

Transmission Type: Manual

Other Comments: It is my daily driver. It is my first Porsche. I was looking for something more engaging to drive than my then daily driver. I am new to the area, so I don’t have yet favorite places to drive, but I am looking forward to meet and learn from PCA members.

A Taste of Tuscany in the Sierra Foothills

Join us on Saturday, Nov. 5, 2016

Your Host : Ron Erickson – Winemaker, Chef and Instructor At The Yankee Hill Cooking School

11755 Coarse Gold Lane, Columbia CA

Yankee Hill Winery and Cooking School is located in the Sierra Foothills in the Historic Gold Rush Town of Columbia, CA. The winery is the oldest winery in the Sierra Foothills. It is a small winery and a cooking school with Ron Erickson as the winemaker, cooking instructor and Chef extraordinaire. The cooking school runs year round.

Cost: \$48 (non-refundable unless a wait list is generated) The \$48 fee includes the 3 hour cooking lessons, food ingredients and gratuity to our instructor and staff at Yankee Hill Cooking School. Attendees may bring their own wine if desired.

Maximum 36 participants due to facility size and parking constraints.

Registration: Sign up on the Diablo website (www.diablo-pca.org)

Deadline to Sign Up: October 22, 2016

This event is being organized by Jerry & Ilona, Al & Peggy, Tom and Suzie.

Al and his crew are planning a blind poker raffle during this tour with great prizes. Details to follow.

Please Note: This is an approximately three hour long class and is **NOT Gluten-free**. Those with dietary restrictions may not want to participate. Not all participants are required to cook, but are encouraged to cheer, observe (or heckle) their partner or fellow PCA member. No food fights allowed.

The school offers a variety of cuisines. The kitchen is well equipped and has large ovens for baking breads, pizzas and other wonderful savory and sweet items. Each item selected to prepare normally contains no more than seven ingredients. Natural ingredients are used and if you can't purchase the ingredients at your local supermarket, they will not be part of the ingredients used. The food is delicious and fun to cook. After preparing the food in class, the class is invited to partake of their creations. Attendees are invited to bring their own wine to pair with their creations, share with others or sample a side of wine that Ron may offer. No beer or other alcoholic spirits are allowed. Please note: This winery does NOT have a tasting room. This is a cooking class.

Quote from Ron, "In class we have more fun than one should be allowed to have".

We are excited that this tour will provide PCA members an intimate and relaxing social gathering in our beautiful Gold Country. I am confident that our host Ron, will provide an educational and entertaining event. I expect it to fill up fast so look for official E-Brite sign up soon. The Historic Gold Rush Town of Columbia is a few blocks away for those that want to extend our visit to tour and walk off our indulgence that Ron had us prepare. If you have not been to Columbia, I highly encourage you to visit it.

Parking instructions will be given at the Driver's meeting at 8:15AM at IHOP on First Street in Livermore. Note: The venue is located in a very rural location and your car WILL get dusty. We will leave IHOP at 8:30 AM with break at the Denny's in Oakdale.

On this particular tour, the PCA Diablo participants will be learning how to prepare various Tuscan-style cuisine.

Final Tuscan Menu items are still being defined with Ron

Great Food, Great Friends & Great Memories

Don't miss it!

My Mid-Engine Porsche Story

By Mark Imbertson

I had a ski buddy that introduced me to a Porsche 914 in the mid 70's. I had that 914 for 200k miles and I grew to love the feel of driving it. I would describe it like wearing your old comfortable slippers. The way it handled was amazing. With the flat engine, the center of gravity was low and cornering had virtually no sway. With the mid-engine, initiating a turn took no effort at all. The low moment of inertia with the engine in the middle and good balance of the weight made the handling very responsive. Raising a family, I had to part with the Porsche.

Now that the 2 boys are grown an opportunity to get a Boxster came along & when my wife said yes, it was a done deal.

Recently with the Porsche club, I was able to repeat a drive, up the curvy road to Mt. Hamilton, I did 30 years before. It was no surprise to me, the mid-engine feel that I love so much is there in the Boxster. Winding up the hill with the switchbacks and hairpin turns was a driver's delight. The balance through the curves and hairpins was amazing. With the mid-engine balance, the tires were able to do their job giving the sense of being glued to the road and ability to turn as if you were on a merry go round.

One of the things I used to love to do on Sunday was to pack a picnic and grab a bottle of "Blue Coral Wax" and head to the Marina with my girlfriend.

She must have enjoyed the time also, since 39 years later she is riding in the Porsche with me, still my girlfriend and also my wife.

Tail of the Diablo Tour by Carlos Bocanegra

Article by Mark Imbertson
Photos by Pam Richards

On Saturday, July 16, 2016 we met at the Safeway off Bernal in Pleasanton. It was a nice sight to see so many Porsches gathered and ready to go so early in the morning. The drive started out nicely heading down forested back roads to Calaveras Blvd.

From there, the drive became livelier with all the turns and shadows. Since it was a very nice day, we needed to share the road with many bicyclists. Of course, this meant paying closer attention to the road. Carlos had done a nice job of planning the route and testing it before the run. There were walkie talkies in the lead car and the sweeper. A few of us in the middle also had radios to listen in. The idea was to keep track of the group even though we didn't have the radio communication figured out, this was not a problem since these were mainly one-lane roads.

Winding our way up to Mt. Hamilton was a spectacular driving experience with all the hairpin turns and switchbacks. At one point, the cars were backed up. As I looked up at the switchback lined with bright shiny Porsches, I wished I had my camera. Since parking space is limited at Lick Observatory, we did not stop, but I could tell the views of the whole Bay Area were spectacular! I had driven this portion 30 years ago in my 914 so it was a treat to drive it again, allowing me to relive past moments.

Heading down the back side, you could see the change in terrain as the temperatures started to become “Diablo like”. The ruggedness of the Mountain terrain really surprised me for some reason. Maybe it was the dry golden grass in contrast with the rugged rock textures. Along this stretch, one car did have a fuel pump issue, which as far as I know was the only issue on the trip.

Carlos had a well-planned bio break at the only place possible on Mines Road. From there, a jaunt over to Diablo Grande Golf Course for lunch. There was an event going on so there were 100’s of cars parked in an area close to the clubhouse and of course many Safety officers close by. Food was ordered and served in an outside area that even with a limited shade structure was rather hot! I guess that is what Diablo would expect :->

Hot Days at Thunderhill DE

Imagine hot wind blowing through your hair with your windows down, but wearing mandatory long sleeves and long pants in a hot car traveling at a fast rate of speed around 5 miles of winding track. That recently was the scene for many Diablo and other region members at a track event sponsored by Porsche of Livermore.

The picture may sound like a grim way to describe fun, but if you could only witness the “miles of smiles” that were being displayed, you would understand how much pleasure was being experienced lap after lap.

Here are some photo provided by Dito Milian from GotBlueMilk.com. Discs of pictures of each drivers' day were provided and paid for by **Diablo Region**.

PCA Appreciation Breakfast & 718 Tech Session

Hosted by Porsche of Fremont

Recently Porsche of Fremont invited Diablo and Loma Prieta Regions to a hosted Appreciation Breakfast and 718 Tech Session. As usual, there was a warm reception, good food and plenty of information. Here are some shots of the morning's activities and some of our members who were able to attend.

Miscellaneous Shots

Several Detail Sessions from Mark Spindler from P & S Sales have been held at Porsche of Livermore. Thank you Kevin Hanschke for hosting and our own Marc Giammona for setting them up. There will be more in the future.

Trefan was recently held in Squaw Valley and was attended by a few of our members. Anthony Mendoza took some great pictures and put them on the Diablo website (www.diablo-pca.org). Here is just a sample:
